Green IT Awards Rules

1. Multiple voting is not allowed. Multiple votes will be recorded but not counted.

2. Only votes from valid work email addresses will be counted. Votes from hotmail, gmail etc will not count.

3. As part of our voting security we will record the IP address of all votes cast.

4. To avoid any conflict of interest, companies that sponsor the Green IT Awards may not take part in the finals.

5. Categories judged by the panel will be decided on solely on the merits of the project put forward. The judge's decision is final. The winning projects will be featured within Green IT Magazine and its associated website.

6. Project entries will be posted here on the site after the awards.

7. Any abuse of the voting system will result in the disqualification of all parties involved.

8. Only Finalists may use the official Green IT Awards finalist logo.

9. Attendance at the Awards ceremony is not mandatory and in the event of a winning company not being present, the award will be sent by recorded delivery to the company concerned, free of all costs.
